DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on July 07, 2005 has been entered.

Applicant amends claims 2, 3, 6-9.

Allowable Subject Matter

2. Claims 2-3, 6-9 are allowed.

The following is an examiner's statement of reasons for allowance: Claims 2-3, 6-9 are allowable over the prior art of record because the Examiner found neither prior art cited in its entirety, nor based on the prior art, found any motivation to combine any of the said prior art which teaches a color proof forming apparatus and method comprising means for or steps of forming first exposure data for the first image data in which black and another color overlap that differs from second exposure data for the second black-only image data; exposing a color sensitive material according to the first and second exposure data wherein the color light sensitive material will generate a black color of a first density after exposure according to the first exposure data and a black color of a second, lower or higher, density after exposure according to the second exposure data.

Art Unit: 2626

Sugiura (Japanese Patent No. 01075252) fails to teach a color proof forming method and apparatus including the means for or steps of exposing a color light sensitive material according to the first exposure data for the image data in which black and another color overlap and to the second exposure data for black-only image data.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
